Languages

Spanish (native)
English

Programming

♥ Python, PHP, C, Perl, Java, Node (JavaScript/TypeScript), R, C#, Dart, Go, Rust, Shell Scripting, HTML, CSS, LaTeX

Interests

I'm currently very interested and involved in **Machine Learning and Data Science** and its application in various fields.

"Maybe I don't know it yet, but you can be sure, I'll learn it."

Experience

Since 2019   **Senior Free & Open Source Software Architect**   Softtek - Digital Architecture
Design of IT Architectures for optimization of resources and migration to the Cloud in the financial, health, automotive, courier/parcel and logistics sectors, among others.

Since 1997   **Managing Director**   GULEV Free & Open Source Software/Hardware AC
I organized **the first-ever Free Software conference in Mexico**, the GULEV Congreso GNU/Linux 2001 ↗ and all those that followed ↗ Member of the **GNOME Foundation** and the **GNOME Project** ↗ for many years and a **pioneer in the use and development of Free and Open Source Software in Mexico**.

Since 1992   **Software Developer/CTO**   LG Internet Solutions
I have been developing projects for more than 28 years, *particularly with Free & Open Source Software for the last 26 years*. I created **a Linux distribution** (LGIS GNU/Linux ↗, which included the latest security updates released by RedHat and the Ximian Desktop ↗ with the support of Nat Friedman ↗ now CEO at GitHub. I have also developed solutions with **Free & Open Source Hardware**.

Technical skills

Cloud/DevOps
